Introducing Steve Farber

In these changing times, leaders must demonstrate an unprecedented level of passion, determination, foresight, dedication and fearlessness. People won't follow empty rhetoric, but they will respond to significant, meaningful and dramatic action.

As an Extreme Leader, you need the ability to influence, the power to transform, and the courage to lead change in the workplace. In ***The Radical Leap***, Steve shares the concept of Extreme Leadership, based on the premise that all successful leaders practice **LEAP: Cultivate Love, Generate Energy, Inspire Audacity, Provide Proof.**

In this energetic and insightful program, you will discover how...

- The importance of personal responsibility to lead fearlessly in times of change is critical
- To use the power of the heart to achieve the extraordinary at work
- To inspire yourself and others to change the world you live in
- To earn your customers' and employees' love and loyalty

This presentation is customized to the Governor's Management Framework on results-based expectations for state leaders. The Management Framework is a tool to help managers understand Governor Gregoire's expectations for excellent performance.

Farber's book, ***The Radical Leap*** is included in the admission price.
